

ACADEMIC RECOMMENDATION LETTER

Courses Taught: Risk Management (Theoretical & Practical)

Date: May 19, 2026

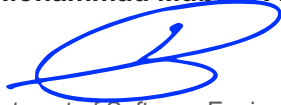

TO WHOM IT MAY CONCERN,

I am pleased to put forward this recommendation for **Abdullah Nasser Abdullah Almsan** (Student ID: . Abdullah graduated in June 2024 with a cumulative GPA of **4.00 out of 5.00**, distinguishing himself as a standout member of our pioneer cohort of the Intermediate Diploma in Cyber Security at Prince Sattam bin Abdulaziz University. I served as his instructor for both the theoretical and practical components of the **Risk Management** course.

Over the duration of the course, Abdullah developed a thorough understanding of risk identification, threat-assessment methodologies, and mitigation strategies as they apply within modern business architectures. His problem-solving is excellent, and he brings a methodical eye to evaluating an institution's overall security posture. The combination of his dedication, academic commitment, and firm professional ethics makes him highly qualified for any technical position in information security.

Sincerely,

Dr. Mohammad Mubark Aldossary

Department of Software Engineering, College of Computer Engineering and Sciences, Prince Sattam bin Abdulaziz University.
